Zone Mail Rate TO GO BY JULY 4

G. O. P. House Leader Says That Present Scheme Is Obnoxious.

An attempt to push through Congress legislation for the repeal of the zone system of newspaper and magazine postage rates will be made soon after the Fourth of July holidays. Republican Leader Mondell said yesterday.

The support of Republican leaders is indicated by the fact that Mondell introduced the repealing bill, and will personally urge action on it before the House Ways and Means Committee.

"With the return of the pre-war postage rates on first-class matter, we believe the objectionable zone system for second-class matter should be discarded," Mondell said.

Police News

Back Clew in Murder Case.
Lacking a description of the negro, who shot and killed John Deas at his store at 40 C street northwest early Tuesday morning, police are at a standstill. A description given the police last night of a negro seen loitering in front of the store about 10:30 o'clock on the night of the murder is the only clew.

Ask Woman to Identify Negro.
That the assault on Mrs. Beatie Gleason in a lonely patch of woods near her home, 14 Nichols avenue, Takoma Park, Monday morning, was committed by the same negro who attempted to assault Miss Mabel Stiles, 15 years old, 1008 Webster street, a few days before, and who has been working in the suburbs of the city snatching pocketbooks, is the belief of police.

Four negroes held at the Tenth Precinct station house on a charge of "investigations," will be taken before Mrs. Gleason in an effort to have her identify one of them. The suspects were all familiar with the neighborhood.

An overheated furnace at 331 John Marshall place was the cause of a fire yesterday afternoon which caused damage estimated at \$50 to the place. Anthony Cinter, occupant of the premises, uses it as a tailor shop.

No. 3 Engine Company was called out for a fire in an automobile truck belonging to the Potomac Electric Power Company, yesterday. The truck, which was standing in front of 167 V street, was only slightly damaged, it being estimated that \$5 will cover the loss. A short circuit is blamed for the blaze.

Dr. P. L. Bussler, superintendent of the Aerial Mail Service, narrowly escaped serious injury when his machine was badly smashed in a collision at the Northeast Market last evening. Dr. Bussler was driving a government automobile and he collided with an auto truck belonging to Frank Kidwell, of the Northeast Market, operated by John Wallace, 1427 Swann street. The truck, which is a light delivery conveyance, was also badly damaged.

Formerly occupied by the Emergency Hospital, the building at Fifteenth and Ohio avenue will now be used as a new house of detention building, according to an announcement yesterday. The old house of detention, at 528 M street, has long been inadequate to meet the needs of the police department, and the granting of another building for this purpose was highly gratifying to police officials.

Row in Congress Over Hospital Holds Up Bill

Disagreement between the Senate and House on the Speedway Hospital project at Chicago resulted yesterday in the general deficiency appropriation bill being held over until after the Fourth of July recess. This measure carries \$24,000,000, which should have become available today.

Attempts Life of Bela Kun.
London, July 1.—According to a dispatch to the Daily Chronicle today from its Geneva correspondent, an assassin fired three shots at Bela Kun, Hungarian Soviet dictator, in Budapest a few days ago. The shots all missed. The assassin was arrested.

WEATHER CONDITIONS.

FORECASTS FOR TODAY AND TOMORROW.
Maryland, Virginia and District of Columbia: Fair and warm today and tomorrow; gentle variable winds.

Start Work in Fall on \$2,000,000 Building

Work on the newly proposed \$2,000,000 building for the United States Chamber of Commerce, to be erected on the site of the Corcoran house at Connecticut avenue and H street northwest, will begin this fall, is the opinion of officials of the trade body held last night.

The actual transfer of the property will not occur until September 1, it was stated yesterday. Cass Gilbert, who has been selected to draw plans for the building, is one of the best known architects in New York City. The building will be five stories high and its architecture will conform with that of government buildings nearby.
